Conference Program Concludes

What's a Fastbreak? Much like speed dating, speed meetings are the trade show format for the time-pressed and unsure buyer. This quick networking meeting format puts buyers through quick meetings with vendors, with the shared goal of finding a match based on mutual interests.

What's an Idea Café? An Idea Café is a conversational method used to solicit ideas on an issue, problem or opportunity for which you are looking for creative suggestions. These are not traditional breakout sessions but rather guided discussions to resolve pressing and common areas in our work.
