We've done it again! Silverado is a private/resort 18-hole championship golf course owned and designed by golf course designer and US Open champion **Johnny Miller**. The par 72 golf course measures just over 7,000 yards from the back tees and is the home of the PGA's **Safeway Open**. **This is not a tournament or fundraiser, just an opportunity to play golf for your own score** and network with other CalACT members on the course before the Conference in nearby Napa.

Please use the link on CalACT.org to register yourself and contact joe@mhtabus.com to arrange for groups.

Lunch sponsored by Freedman and USSC Seating will be the World Famous Silverado Burger Dog. Johnny Miller's favorite snack!

Please note: this is not a scramble.
