

Company: TransitPro for the Monterey Salinas Transit District

Job Title: Maintenance Manager

Location: Monterey, California

Job Status: Full Time

Contact: Transitpro@outlook.com

Our client, Monterey-Salinas Transit, a progressive transit agency located in a highly desirable Coastal California community, seeks a Maintenance Manager to manage a team of approximately 40 Mechanics, Supervisors and support personnel. The non-exempt employees in this agency are represented by the Amalgamated Transit Union. The Manager is responsible for directing all functions and activities within the department including the safe, reliable, efficient and cost effective maintenance and repair of the fleet. The agency is an equal opportunity employer.

Desirable Qualifications

- Fleet maintenance management experience preferred, or at least 3 years of team management in an environment with strong operational metrics.
- Must be technologically savvy, the ability to implement and maintain advanced technology including alternative propulsion, fleet maintenance programs and support systems (AVL, data collection, asset management, reporting software etc.) is critical.
- Strong communication skills including the ability to write performance evaluations, memos, SOP's and the ability to make verbal presentations to boards and committees. The ability to take on the task of preparing vehicle specifications is desirable.
- Strong working knowledge of Microsoft Office and comparable applications is required.
- Leadership skills, the ability to inspire and motivate a team of service professionals and the interpersonal skills to work productively with other departments are a must.
- An Associates or technical college degree is a plus, however a work history of progressively responsible experience and training will be considered as equivalent.

Compensation

An excellent compensation package DOQ will be provided. The agency is a member of the CalPERS system for its retirement program.

How to Apply

Please submit the following by email to Transitpro@outlook.com with "Maintenance Manager" in the subject line.

1. A letter of interest specifically written for this position.
2. Current Resume detailing the last ten years of work experience including salary history.
3. Two (2) writing, presentation or report samples.
4. Three (3) professional references including at least one (past or present) Supervisor or Co-worker.
