

**SACRAMENTO REGIONAL TRANSIT DISTRICT**  
invites applications for the position of:

## **Information Technology Business Systems Analyst**

---

**SALARY:** \$67,212.00 - \$94,128.00 Annually

**DEPARTMENT:** Information Technology

**OPENING DATE:** 08/22/19

**CLOSING DATE:** 09/11/19 11:59 PM

**DESCRIPTION:**

The purpose of this position is to perform specialized professional and technical duties such as business planning, processing and documentation, specification development and integration in support of the District's mission through effective business, technology, and data analysis, system administration and advanced configuration, and end user support for enterprise class and transit specific hardware and software systems, such as: SAP, SQL server, Oracle, Trapeze, Clever Devices, Mentor, and Fare Management systems.

**EXAMPLES OF DUTIES:**

- Performs configuration and modification of system by conducting development and testing activities in the test and production servers, by executing integration testing, and responding to reports of operational problems and client requests for assistance; creates reports by using a variety of systems and programs;
- Identifies opportunities for improving business processes by reading and keeping up-to-date on business functional areas such as accounting, finance, human resources, materials management, transit operations and planning in order to understand customer system requirements and system feasibility;
- Works with customers and develops software requirement specifications for application development;
- Maintains and/or operates enterprise systems software by applying system updates and patches and/or security settings;
- Works with enterprise systems to resolve technical problems;
- Maintains knowledge currency of enterprise systems as new versions and features are made available;
- Designs, constructs, and deploys SQL queries by utilizing Structures Query Language and DBMS concepts.

**MINIMUM QUALIFICATIONS:**

**Education:** Bachelor's degree or equivalent from an accredited college or university in Computer Science, Computer Engineering, Management Information Systems or a related field. Additional directly related experience beyond the minimum requirement may substitute for the required education based on the ratio of one and a half (1.5) years of experience for each (1) year of education.

**Experience:** One (1) year of experience in maintaining, configuring, and/or supporting a major enterprise class software system.

**Proof of required education beyond high school, such as college transcripts, diplomas, and/or certificates must be submitted at the time of application, if not substituting experience for the education requirement.**

## **SUPPLEMENTAL INFORMATION:**

The minimum qualifications as stated on this job announcement represent only the basic requirements of the position. Meeting the minimum qualifications does not guarantee that a candidate will be invited to participate in other examination segments of the selection process. An employment application and proof of education, as outlined above, are required for this position. Applications and job announcements are available through our website at [www.sacrt.com](http://www.sacrt.com).

**Completed employment application and proof of education, as outlined above, must be submitted online no later than Wednesday, September 11, 2019 at 11:59 p.m.** RT will not process incomplete applications. **Resumes are not accepted in lieu of an application, but may be included with the application.** For more information on benefits, a summary sheet is available from the Human Resources Department. The Human Resources Department will make reasonable efforts in the recruitment process to accommodate candidates with disabilities. For more information, contact the Human Resources Department at (916) 556-0298.

**RT is an Equal Opportunity Employer. EOE – Minorities/Women/Disabled/Veterans.**
